1. Read 5:10. What does this verse reveal about the nature of desire?
2. Read 5:11-12. What specific problems does he mention? How does this challenge the assumption that money simplifies life?
3. Read 5:18-20. What does it mean that this enjoyment is "from the hand of God," not self-produced?
4. Where do you see yourself currently chasing more? (money, status, comfort, security, etc.) What would it look like to receive instead of chase in that area?
5. What are some "simple gifts" God has given us to enjoy. What might we do this week to actually enjoy them and have contentment?
